1  Not so sinister poem
2
3  The sky is black
4  The flowers are black
5  My soul is black
6  My dog is black
7
8  My pony is black
9  My USB is black
10 Denzel Washington is black
11 Darth Vader is black
12 The universe is obscure
13
14 Generals gathered at their masses,
15 Just like witches at black masses,
16 Rabbit minds that plot destruction,
17 Sorcerers of death's construction.
18
19 Oh Yeah!|
20
21 But the rainbow is still full of colors.
22 And FIME is green.
23
24 The end
